**For Immediate Release  
6 June 2008**

## **PENRICE SODA PRODUCTS INCREASES LIST PRICES OF SODA ASH**

Penrice Soda Products announces today that effective 1 July 2008, or as current contract terms permit, it will increase the list prices for all bulk and packaged soda ash by \$60 per metric tonne (Australian Dollars).

This increase applies to all grades of soda ash supplied from Penrice Soda Products plant at Osborne, South Australia.

<b><i>Prices FOB Osborne, South Australia</i></b>	<b><i>New List Prices (AUD) Effective 1 July 2008</i></b>
Bulk Dense Soda Ash	\$360
Bulk Light Soda Ash	\$430
Packaged Soda Ash	\$470
Warehouse / Terminal Locations	Adjustments to include bulk/packaged increase as applicable plus freight and warehouse/terminal costs

Currently, Penrice Soda Products' fuel surcharge and freight policies for soda ash remain in full effect and are under review. Further increases are anticipated and will be advised shortly.

"This higher soda ash price is necessary to allow continued investment in production reliability and output, as well as offsetting increases in raw material and energy costs for our soda ash range," said Andrew Kuhndt, General Manager, Chemical Sales.

Please contact your Penrice Soda Products representative should you have any questions regarding this announcement.

Penrice Soda Products is a subsidiary of Penrice Soda Holdings (ASX: PSH), a Chemical and Quarry Company supplying agricultural, industrial and consumer markets in over 25 countries for over 70 years. The company employs over 300 people in South Australia and operates its business in three segments – Soda Ash, Sodium Bicarbonate and Quarry & Minerals.
