## **PENRICE INCREASES LIST PRICES OF SODA ASH**

Penrice announces today that effective 1 November 2008, or as current contract terms permit, it will increase the list prices for all bulk and packaged soda ash in the range of \$90 – \$115 per metric tonne (Australian Dollars).

This increase applies to all grades of soda ash supplied from Penrice plant at Osborne, South Australia.

<b><i>FOB Osborne, South Australia</i></b>	<b><i>New List Prices (AUD) Effective 1 November 2008</i></b>
Bulk Dense Soda Ash	\$450
Bulk Light Soda Ash	\$530
Packaged Soda Ash	\$585
Warehouse / Terminal Locations	Adjustments to include bulk/packaged increase as applicable plus freight and warehouse/terminal costs

Penrice Soda Products' fuel surcharge and freight policies for soda ash remain in full effect.

"This higher soda ash price is necessary for continued investment in production reliability and output, as well as offsetting increased costs in raw materials, energy, packaging and logistics for our soda ash range," stated Andrew Kuhndt, General Manager - Chemical Sales.

Please contact your Penrice representative should you have any questions regarding this announcement.
